Survey Summary

Level GPS Surveys 12/1999 to 2/2000

City of Milpitas

Point Name	CCS83(1992) Zone 3		Differential Levels (US Survey Feet)		Description
	Northing	Easting	NGVD29		
308	1988181.077	6169764.275	559.933		Rebar and Towill, Inc cap in the parking area of Spring Valley Pond picnic area, located 48' south of the edge of Calaveras Road, and 3.9' east of wooden barricade in parking area, Ed Levin County Park
309	1988508.796	6170536.680	592.813		Rebar and Towill, Inc cap
310	1990626.079	6166517.034	602.208		Rebar and Towill, Inc cap set in parking area 200' east of Downing Road, 12' north from edge of parking area pavement, 75' SE of "No Swimming Sign", and 150' southwest from dam
311	1991414.863	6165438.300	598.414		2" aluminum Towill disk stamped 311, set in asphalt in driveway to parking lot of Lakeside Picnic Area, located 12' west of east edge of driveway, 10.3' east of west edge of driveway, 40' south of beginning of parking lot, and 80' east of east edge of Downing Road, in the Ed Levin County Park
ABB-CAL			15.077		Brass disk in monument well at intersection, Abbott Avenue and West Calaveras Boulevard
ABB-CHE			7.730		3/4" IP in monument well at intersection, Abbott Avenue and Chestnut Avenue.
ABB-ELM	1984779.674	6150796.746	7.673		3/4" IP in monument well at intersection, Abbott Avenue and Elm Avenue.
ABB-KEN			9.100		3/4" IP in monument well at intersection, Abbott Avenue and Keniston Avenue.
ABB-MAR			8.585		3/4" IP in monument well at intersection, Abbott Avenue and Marylinn Drive.
ABB-RED	1985779.946	6150811.419	8.263		3/4" IP in monument well at intersection, Abbott Avenue and Redwood Avenue.
ABB-SAN			15.886		Brass disk in monument well at C/L San Andreas Drive. 50' + west of C/L Penitencia Creek at beginning of Abbott Avenue.
ABB-SPE			11.912		Brass disk in monument well at intersection, Abbott Avenue and Spence Avenue
ABE-CAP			25.459		Brass disk in monument well at intersection, South Abel Street and Capitol Avenue
ABE-COR	1980170.402	6153038.789	17.124		Brass disk in monument well at intersection, South Abel Street and Corning Avenue eastbound (southerly of two monuments).
ABE-CUR	1977865.192	6153460.606	21.407		Brass disk in monument well at intersection, South Abel Street and Curtis Avenue.
ABE-MAI2 RESET			32.407		Chiseled square
ABE-MAR2			9.514		Brass disk in monument. well at intersection, Abel Street and Marylinn Drive (northerly of two monuments).
ABE-RR			16.039		Chiseled square on top of north concrete wall of Berryessa Creek channel, 1' west of north abutment WPRR bridge over Berryessa Creek.
ABE-SER			15.019		Brass disk in monument well at intersection, South Abel Street and Serra Way.
ALD-BAR	1976246.148	6151252.805	25.770		Brass disk in monument well at intersection, Alder Drive and Barber Lane.

Survey Summary

Level GPS Surveys 12/1999 to 2/2000

City of Milpitas

Point Name	CCS83(1992) Zone 3		Differential Levels (US Survey Feet)		Description
	Northing	Easting	NGVD29		
ALD-MCC	1976966.613	6148987.760	21.604		Brass disk in monument well at intersection, Alder Drive and McCarthy Boulevard.
AME-MIL			43.162		Brass disk in monument well at intersection, Ames Avenue and South Milpitas Boulevard.
ANN-NPV			73.630		Chiseled square on top of west curb, North Park Victoria Drive, halfway between Princess Place and Ann Place and adjacent to fire hydrant.
ARI-DIX			45.961		Pin in concrete in monument well, Arizona Avenue and Dixon Road.
ARI-WAS			37.797		Brass disk in monument well at intersection, Arizona Avenue and Washington Drive.
AUG-EC			604.368		Brass disk in monument well, C/L E.C. Augusta Court (at cul-de-sac).
AUG-TUL	1992056.810	6162332.064	620.455		Brass disk in monument well at intersection, Augusta Court, Tularcitos Drive, Pinehurst Court and Country Club Drive.
BAR-2			22.866		Chiseled cross in north rim sanitary sewer manhole, 100' + east of C/L Barber Lane, southerly of Hetch Hetchy water line, 0.5 mile + south of Highway 237.
BAR-237			21.278		Brass disk in monument well at cul-de-sac Barber Court
BAR-BC			32.278		Brass disk in monument well at C/L B.C. Barber Lane 780' + east of intersection Barber Lane and McCarthy Boulevard
BAR-BEL	1979364.677	6149826.038	22.924		Brass disk in monument well at intersection, Barber Lane, Barber Court and Bellew Drive.
BAR-EC			33.67		Brass disk in monument well at C/L E.C. Barber Lane 1150'+ east of intersection, Barber Lane and McCarthy Boulevard
BAR-MCC RESET			33.950		Brass disk in monument well at intersection, Barber Lane and McCarthy Boulevard.
BAR-SYC	1975054.694	6151671.573	24.295		Brass disk in monument well at intersection, Barber Lane and Sycamore Drive.
BB-SPV			95.150		Brass disk in monument well at intersection, Big Basin Drive and South Park Victoria Drive.
BEL-MCC			19.016		Brass disk in monument well at intersection, Bellew Drive and McCarthy Boulevard.
BER-PAC			24.177		Chiseled square, top of south end of east abutment of pedestrian bridge over Berryessa Creek at Pacheco Drive.
BER-REF			25.799		Chiseled square, north top of curb at east end, Paseo de Refugio bridge over Berryessa Creek.
BOL-NPV			145.364		Brass disk in monument well at intersection, Bolton Drive and North Park Victoria Drive.
BUC-SYC			26.997		Brass disk in monument well at intersection, Buckeye Drive and Sycamore Drive.

City of Milpitas

Point Name	CCS83(1992) Zone 3		Differential Levels (US Survey Feet)		Description
	Northing	Easting	NGVD29		
BUR-TEM			100.997		3/4" IP in monument well at intersection, Temple Drive and Burley Drive west (Southerly monument).
CAL-CAR RESET			68.509		1 1/8" brass disk stamped Towill Inc. set in the top curb on the northerly side of Calaveras Road, located 55' easterly of the centerline of Carnegie.
CAL-DEM			47.525		Chiseled square, south top of curb, East Calaveras Boulevard and Dempsey Way.
CAL-EVA RESET			126.554		Brass disk in monument well
CAL-GAD			79.737		3/4" IP in monument well, 10' south of C/L, East Calaveras Boulevard at intersection, East Calaveras Boulevard and Gadsden Drive (southerly monument).
CAL-HH2			22.334		Cut "X" on north bolt of electrolier base, south curb line of East Calaveras Boulevard, 115'+ west of intersection, of C/L Hetch Hetchy water line and East Calaveras Boulevard, 0.2 miles east of Milpitas.
CAL-HIL	1983354.038	6157123.244	26.005		Brass disk in monument well at intersection, East Calaveras Boulevard and Hillview Drive.
CAL-MIL	1982912.586	6155320.091	19.231		Brass disk in monument well at intersection, Calaveras Boulevard and Milpitas Boulevard.
CAL-PIE			145.772		1" IP in monument well at intersection, Calaveras Road and Piedmont Road.
CAL-PV	1984042.675	6159765.947	54.185		Brass disk under 18" steel plate at intersection, East Calaveras Boulevard and Park Victoria Drive (Easterly disk of two).
CAL-RR			17.659		Chiseled square on top of catch basin, north side of Railroad Avenue, 800' + West of intersection, Calaveras Boulevard and Milpitas Boulevard, 135' + easterly of main line, WPRR.
CAL-TEM	1984670.012	6162188.906	103.234		3/4" IP in monument well at intersection, East Calaveras Boulevard and Temple Drive.
CAL-VIS 1999			404.445		3/4" IP in monument well
CAM-JAC RESET	1988184.868	6155877.235	22.544		1 1/8" Towill disk set at the top NW corner of Jacklin and Campbell in the top of the curb, located 10' east along the Jacklin curb line from a catch basin.
CAN-TEM			96.449		3/4" IP in monument well at intersection, Canton Drive and Temple Drive (Centerline monument of Temple Drive).
CAP-MAI			30.076		Brass disk in monument well at intersection, Capitol Avenue and South Main Street.
CAP-RR			49.433		Brass disk in monument well C/L Capitol Avenue 105' + southeast of C/L WPRR.

Survey Summary

Level GPS Surveys 12/1999 to 2/2000

City of Milpitas

Point Name	CCS83(1992) Zone 3		Differential Levels (US Survey Feet)		Description
	Northing	Easting	NGVD29		
CAR-MAI (new)			13.727		Brass Disk on east top of curb at southeast curb return, South Main Street at Carlo Street. Set December 2005.
CAR-MAI (removed)			13.666		Chiseled square on east top of curb at southeast curb return, South Main Street at Carlo Street. Removed
CAR-YOS			68.885		Brass disk in monument well at intersection, Carnegie Drive and Yosemite Drive. (C/L monument of Carnegie Drive).
CC-CLUB			438.413		Chiseled square, northeast corner of concrete slab with electric transformer, 40' north of northeast corner, Country Club Restaurant.
CC-NPV			46.188		Brass disk in monument well at intersection, North Park Victoria Drive and Country Club Drive.
CC-PUMP	1990215.765	6159360.177	220.821		Brass disk in monument well, 0.2 mile east of intersection, North Park Victoria Drive and Country Club Drive, 50+ north of pumping station.
CC-TUL			433.618		Brass disk in monument well at intersection, Country Club Drive and Tularcitos Drive (monument is 32' east of B.C. monument of Country Club Drive, 25' north of C/L monument, Tularcitos Drive, 7' northerly of SS manhole).
CDH-L-539			85.642		Brass disk in monument well
CED-MAI	1974146.434	6154253.686	33.940		Brass disk in monument well at intersection, Cedar Way and South Main Street.
CLL-LAN			119.203		1/2" brass pin in concrete at intersection, Clear Lake Avenue and Landess Avenue.
CON-DIX	1993005.107	6154127.444	81.817		Brass disk in monument well, Conway Street southbound and Dixon Road.
CON-GOS			79.951		Pin in concrete in monument well at intersection, Conway Street and Gosser Street.
CON-MAN			84.209		Pin in concrete in monument well at intersection, Conway Street and Manfred Street.
CO-NPV			36.583		Brass disk in monument well at intersection, Calle Oriente and North Park Victoria Drive.
COT-MCC			30.477		Brass disk in monument well at intersection, McCarthy Boulevard and Cottonwood Drive.
CRE-NPV			35.218		Brass disk in monument well at intersection, Creed Street and Park Victoria Drive.
CRL-SEQ			103.968		Brass disk in monument well at intersection, Crater Lake Avenue and Sequoia Drive.
CUR-DIE			89.986		Brass disk in monument well at intersection, Curtner Drive and Diel Drive.
DEN-TEM			86.647		Brass disk in monument well at intersection, Dennis Avenue and North Temple Drive.
